

INITIATIVE: ONLINE MBA SCHOLARSHIP AND EMPLOYMENT

COTRUGLI Business School is launching Online MBA pilot project providing **education and employment** to people with disabilities. We are donating **50 full scholarships worth 10.000,00 €** per person for Online MBA program to people with disabilities across the SEE region (Croatia, Slovenia, B&H, Montenegro, Serbia, Macedonia, Bulgaria and Romania).

The goal is to **educate and employ** people with disabilities who will be mentored during the program by the potential employer companies.

We want this initiative to become a global long-term project that aims to create a **community** where each member has a role, importance and contribution to future Online MBA students.

Who can apply for Online MBA scholarship?

Candidates are all motivated persons with disabilities, with an Undergraduate or University degree and excellent English knowledge.

More about [MBA program](#) you can find on the link.
